Location

The subject property is located on Broomhall Road, close to the Collegiate Crescent campus of Sheffield Hallam University. The property is located a short walk from the main amenities on Ecclesall Road, and the teaching hospitals. Sheffield City Centre is located approximately 1 mile away.

The property is opposite a day nursery and the former YMCA (now owned by SHU). The area is a popular location for the private rented sector and home owners.

Description

The property was originally built as a private residence in the mid to late 19th Century, and has most recently been used by the Catholic Diocese of Hallam as a house in multiple occupation (HMO) with ancillary facilities such as Prayer Room.

The property is effectively a detached building, with the annexe to the building attached to the adjoining property. The front elevation is dressed stone with other elevations of course rubble, beneath pitched and hipped roofs clad in blue slate .

The main house accommodation is over three levels plus a basement. The property has been extended with a two storey annexe which is capable of being a self contained flat. The main house has six bedrooms (four on the first floor and two on the second floor) and it is licensed as a six bedroom HMO (Licence Number: 3503). We understand the annexe is not part of the licensing.

The property benefits from a large front and rear garden mainly bounded with stone walls and some hedging.
